**PRE-BID MEETING HELD AT BHAGYANAGAR GAS LIMITED, HYDERABAD ON 19.09.2018 AT 11:30 HRS**

**REPLIES TO PRE-BID QUERIES GIVEN BY BGL / MECON**

SL. No.	Clause No. as per Tender	Bidders Query / Clarification	BGL/ MECON's REPLIES
1)	Clause A, of BEC Pg 11 of 348	BIDDER requests to include multiple orders instead of single order for bidder's experience of having engineered, manufactured/packaged, tested and executed 04 (four) nos. packages of min. average 400 SCMH capacity or higher capacity with minimum discharge pressure 250 kg/cm <sup>2</sup> (g) of hydraulic booster compressor handling hydrocarbon gas from the proposed facility in previous 07(seven) years reckoned from the date of submission of bid.	Tender conditions prevail.
2)	Clause 2.1 of GCC Page 198 of 348	Please note that access by road to the site has to be provided by the owner for our work as well as for other parties working at site. BIDDER shall not be held responsible for any such reasons where there is no access of road for material transportation to the site and thus causing any delay in the execution of work. Kindly exclude the given scope from bidder's responsibility.	Tender conditions prevail
3)	Clause 2.3 of GCC Page 198/199 of 348	Please note that providing water facility to the execution team at site shall remain in the scope of owner/employer as water is a basic human need which we expect the owner to provide. BIDDER requests to exclude the given scope from bidder's responsibility.	Tender conditions prevail

**REPLIES TO PRE-BID QUERIES GIVEN BY BGL / MECON**

SL. No.	Clause No. as per Tender	Bidders Query / Clarification	BGL/ MECON's REPLIES
4)	Clause 2.4.1 of GCC, Page 199 of 348	Please note that owner/employer shall have to provide the power supply for successful execution of work and Bidder shall not be held responsible for any delay happening in execution work if power supply is not made available at site. BIDDER requests to exclude the given scope from bidder's responsibility.	Tender conditions prevail.
5)	Clause 119.1 of GCC, Page 266 of 348	Please note that providing fire extinguisher, fire buckets and drums at work site is the responsibility of the owner/employer and not bidder. Kindly exclude the scope from bidder's responsibility.	Tender conditions prevail
6)	Clause 5.4 of Technical Specification, Page 312 of 348	Please note that soft starter is used in online compressors. BIDDER will use contactors for booster compressors; kindly exclude the scope of using soft starters in booster compressors.	Accepted
7)	Clause 5.4 of Technical Specification, Page 312 of 348	BIDDER requests to include SETRA make PT in the list of preferred makes. BIDDER has supplied its booster compressors to various CGD's with SETRA make PT which have been giving trouble free performance till date.	Tender conditions prevail
8)	Clause 5.4 of Technical Specification,	BIDDER requests to include SSP make SS tube fittings in the list of preferred makes. BIDDER has supplied its booster compressors to various CGD's with SSP make tube fittings which have been giving	Tender conditions prevail

SL. No.	Clause No. as per Tender	Bidders Query / Clarification	BGL/ MECON's REPLIES
	Page 312 of 348	trouble free performance till date.	
9)	Clause 5.4 of Technical Specification, Page 313 of 348	BIDDER requests to include SSP make valves in the list of preferred makes. BIDDER has supplied its booster compressors to various CGD's with SSP make valves which have been giving trouble free performance till date.	Tender conditions prevail
10)	Section 4 Completion Schedule	Completion Schedule of 50% of SOR Qty within 2 months and rest within 3 months is not possible. Standard Delivery period is 16 weeks from date of FOA / PO hence it is requested to keep the delivery schedule as 16 weeks	Tender conditions prevail
11)	Section ix of Technical specifications	We interpret that the cables of various sizes are in scope of Bidder but not the trenches. Trenches would be made available by BGL. Please confirm if our understanding is correct	Cable trenches shall be provided by BGL
12)	Clause No. ix, b of Technical Specification Pg. No. 10 of 52	Scope of supply: Since we are provided the compressor with fitment of hooter. Therefore no need to provide cable from compressor to hooter as it is already provided by us at the time of fitment. Please confirm.	Acceptable for Hooter. However cabling for the ESD in control room is still required and for that maximum 75m length of cabling to be considered as per tender.

SL. No.	Clause No. as per Tender	Bidders Query / Clarification	BGL/ MECON's REPLIES
13)	Clause No. ix, c of Technical Specification Pg. No. 10 of 52	Scope of supply: Please provide structural drawing where ESD is to be installed.	ESD will be provided on a support structure of maximum 2 m height. Drawing for Arrangement/provision of ESD near Dispenser shall be provided during execution of works
14)	Clause No. ix, g of Technical Specification Pg. No. 10 of 52	Scope of supply: Civil work for laying the cable will be in scope of the Bidder or the owner please confirm.	Civil works and conduits required for laying the cable shall be in BGL's scope. However laying and termination of cables shall be in bidders scope
15)	Clause No. 1.9.9.3 of Technical Specification Pg. No. 12 of 52	CO2 Flooding system We propose to provide 2 Nos. CO2 Cylinder of 30 kg capacity and the same is sufficient as per the compressor enclosure size. The same was accepted vide Corrigendum-I dt.01/04/2017 against Tender No. BGL/345/2016-17 dt.22.03.2017.	Acceptable and design analysis shall be submitted for approval after award of contract

SL. No.	Clause No. as per Tender	Bidders Query / Clarification	BGL/ MECON's REPLIES
16)	Clause No. 4.10.2 of Technical Specification Pg. No. 16 of 52	Enclosure of CNG Compressor Package: The Enclosure to restrict maximum noise level of 75 dB(A) at 1 meter from the enclosure. This is standard sound limit and this limit is also provided by other Gas companies for similar compressors. The same was accepted vide Corrigendum-I dt.01/04/2017 against Tender No. BGL/345/2016-17 dt.22.03.2017.	Acceptable
17)	Clause No. 5 of Technical Specification Pg. No. 18 of 52	Electrics We propose to supply electric control panel with power supply 110 V AC for better performance of electric component.	This is acceptable but Bidder shall provide the interface arrangement (step-down control transformer) of 230 V to 110 V, as only 230V AC supply will be made available by BGL.
18)	Clause No. 5.1.1 of Technical Specification Pg. No. 19 of 52	Operating Voltage We propose to supply solenoid coils, power contactors etc. Having operating voltage of 110 V AC. Its performance is better than 230 V AC. The same was accepted vide Corrigendum-I dt.01/04/2017 against Tender No. BGL/345/2016-17 dt.22.03.2017.	This is acceptable but Bidder shall provide the interface arrangement (step-down control transformer) of 230 V to
