

Tender No: BGL/420/2018-19 Dated 06.08.2018.

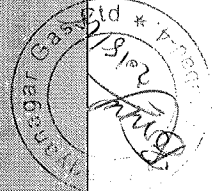

ITEM : Procurement of Pipeline Locators for Vijayawada & Kakinada.

**REPLIES TO PRE BID QUERIES**

| SL. No | Volume | Page No. | Clause No.                          | Tender Specification                               | Bidder Name                                     | BIDDER'S QUERY   | BGL' S REPLY   |
|--------|--------|----------|-------------------------------------|--|---|--|--|
| 1      | II     | 08 of 12 | Technical Datasheet Sl. No.7        | Display  | M/s General Energy Management Systems Pvt. Ltd. | Request to consider the Graphic liquid crystal display with LED backlight and light sensor.  | Tender condition prevails  |
| 2      | II     | 8 of 12  | Technical Datasheet, SL. Nos 13 &14 | Bluetooth & GPS Status                             |   | We have instrument with Bluetooth but no internal GPS, but can connect an external GPS e.g. a cell phone or a professional GPS from Trimble. | Tender condition prevails. GPS coordinates are required in display. GPS to be integrated to the equipment. |
| 3      | II     | 8 of 12  | Technical Datasheet, SL.No. 20      | Depth Accuracy: 3% up to 3 Meter, 5% above 3 Meter |   | Please request to consider depth accuracy i. e 5% up to 3 Meter depth  | Tender condition prevails  |
| 4      | II     | 8 of 12  | Technical Datasheet: SL. No. 15     | GPS CO-ORDINATES                                   | M/s Subsurface Instruments Supply Company       | bidder confirmed that Co-Ordinates can be recorded and seen through supporting Android app   | Co-ordinates should be viewed in the instrument itself as per tender conditions.                           |
| 5      | II     | 8 of 12  | Technical Datasheet: SL.No.17       | COMPANY LOGO as the customised start-up screen.    |   | Bidder informed that the requirement is Not Complied for their prdut and requested to accept the deviation.                                  | Ok, Accepted   |

|   |    |          |   |  |   |  |  |
|---|----|----------|---|--|---|--|--|
| 6 | II | 9 of 12  | Technical Datasheet: Transmitter: Sl. No. 5 | OUTPUT CURRENT: MINIMUM 750mAmp  | M/s<br>Subsurface<br>Instruments<br>Supply<br>Company | Complied, 500mA with boosted 90V. Specification requirement is asking for 36V voltage and 750mA current. We are offering 90V voltage with 500mA current. So as we know $V=IR$ , we are offering better voltage(V) instead of Current (I), So that, in same resistance (R) condition output current will be more or less same, so as the tracing distance.              | Ok; Accepted   |
| 7 | II | 9 of 12  | Technical Datasheet: Transmitter:3.3.3      | Desktop Software should be able to easily replace the start up screen with customised own picture or text select or deselect many of the customised features and locking out access to others          |   | Bidder informed that the requirement is Not Complied and requested to accept the deviation.  | Ok; Accepted   |
| 8 | II | 10 of 12 | Technical Datasheet: Transmitter:3.6.2      | Bidder should have OEM certified repair centre with installed OEM CALIBRATION RIG OF INDIA (documentary evidence such as OEM certificate & purchased bill of entry to be provided along with the bid.) |   | Complied. Bidder have authorised service and repair center in India. Locator model is remote calibration enabled which is more efficient way to check and maintain calibration of the instrument without sending it to service centre. More on this, bidder has the facility to provide you a replacement unit in case they have to take the instrument for repairing. | OEM certified Service & repair centre shall be installed/available in India. |
| 9 | II | 12 of 12 | Schedule of Rates (SOR)                     |  |   |  | Revised SOR attached as Annexure-I   |

Annexure- I to Pre- Bid Queries

**REVISED SCHEDULE OF RATES (SOR)**

| Sl.No | Item Description:  | UOM | QTY (A) | Unit Rate Ex works including packing & forwarding, all taxes and duties except GST, Rs. | Per Unit freight & transit insurance upto FOT sites (Rs) | Per Unit Goods & Sales tax (GST) (Rs) |           | Total Unit rate incl of all taxes & duties (Rs.) | Total rate On FOT Site incl. of all taxes & duties (Rs.) |
|-------|--|-----|---------|---|--|---------------------------------------|-----------|--|--|
|       |  |     |         |   |  | %                                     | Rs        |  |  |
| 1     | 2  | 3   | 4       | 5   | 6  | 7                                     | 8=(5+6)x7 | 9=5+6+8  | 10=9X4   |
| 1.a   | Supply of Pipeline locator with receiver, having colour display, dual battery pack signal direction for positive line peak & null antenna arrows, <i>GPS integrated display</i> internal data logging, <i>10W / 1.0 Ampere Transmitter</i> with mains (230 VAC) lead as per Technical Specification on FOT SITE Basis. | EA  | 1       |   |  |                                       |           |  |  |
| 1.b   |  | EA  | 1       |   |  |                                       |           |  |  |
| 1     | Grand Total amount inclusive of all taxes & duties, Rs. ( words) .....(1= 1.a+1.b),Rs.   |     |         |   |  |                                       |           |  |  |

**Notes:**

1. The Price Quoted above for supply item must be on FOT site basis with all break-up exactly as per price schedule above.
2. Evaluation will be done at lowest cost to Owner (BGL) and will be awarded to the L-1 party.
